

CURES WEAK MEN FREE WILL EXPORT MEAT

Send Name and Address Today—You Can Have It Free and Be Strong and Vigorous for Life.

INSURES LOVE AND A HAPPY HOME

L. W. KNAPP, M. D.

How many men may quickly cure themselves after years of suffering from sexual weakness, just vitality, night losses, varicocele, etc., and enlarge small weak organs to full size and vigor. Simply send your name and address to Dr. L. W. Knapp, 120 W. Douglas, Wichita, Mo., and he will gladly send the free receipt with full directions so that any man may easily cure himself at home. This is certainly a most generous offer, and the following extracts taken from his daily mail show what men think of his generosity.

"Dear Sir—Please accept my sincere thanks for yours of recent date. I have given your treatment a thorough test and the benefit has been extraordinary. It has completely braced me up. I am just as vigorous as when a boy, and you cannot realize how happy I am."

"Dear Sir—Your method worked beautifully. Results were exactly what I needed. Strength and vigor have completely returned and enlargement is entirely satisfactory."

"Dear Sir—You are a great man, and I had no trouble in making one of the receipts as directed, and can truly say it is a boon to weak men. I am greatly improved in size, strength and vigor."

All correspondence in strictly confidential matter in plain sealed envelope. The receipt is free for the asking, and he wants every man to have it.

THE NEW RACKET

120 W. Douglas Ave.

Wichita Packing Products Will Go to Europe.

SHIPMENT EACH WEEK

Big Improvements in the Local House.

The people of Glasgow, Scotland, Belfast, Ireland, and of Liverpool and London, England, will now be able to get pork products direct from the great western packing center, Wichita. The John Cudahy Company have made arrangements to make weekly shipments to those markets.

Every week there will be loaded in the cars from the Cudahy house such cuts of meat as are in demand on these foreign markets and shipped direct. The company will ship ten to twenty car loads each week. Arrangements have been made to connect weekly with the ocean lines of steamers and the meat will be loaded from the cars to the steamers. This will necessitate shipments to different points on the seaboard in order to be able to make the weekly shipments. The points at which the products of the Wichita plant will be loaded on the ocean steamers are New York, Boston, Philadelphia and Montreal.

John Cudahy is pleased with his experiments in this city and he has no fears of failing to find a good market for his products in Europe. The Cudahy people claim that this is the first time that arrangements have ever been made for regular shipments of meat direct from Wichita to Europe. The shipments are not made as an experiment, but Mr. Cudahy knows exactly what he is doing and the house is being supplied with necessary stationery for these regular foreign shipments.

There is great activity at the Cudahy plant. New railroad switches are being built and by this time next year people will not be able to recognize the old Whitaker packing house. It will have to be made larger to furnish the product for the foreign and the local market. The cuts of meat shipped in some cases are different to those sold here. In this shipment to Europe the meat will be Corned Beef, Ham, Sausages, A. C. Ham, L. C. Ham, Long Chops, Skinned Ham, Square Shoulders and Lard in twenty pound pails.

C. A. Morrison, the master mechanic at the Cudahy house, said last night that John Cudahy intended to keep right along enlarging the plant and by next fall they would be adding 2500 hours a day. They now have the foundation completed for a hundred-ton capacity ice machine and the foundation for the ice house will be commenced next week. The house will make fifty tons a day for the trade. A generator of two hundred horse power will be put in and all the machinery will be run by electricity even to the lighting of the house. Mr. Cudahy has purchased a fifty horse air compressor and compressed air will be used in the refining of the lard and all the lighting will be done by means of this compressed air. In addition to the generator there will be seven electric motors having a capacity of five to fifty horse power.

The new lard refinery building is all enclosed and the new machinery for it is on the ground. There are two large rollers, two hoppers, four agitators, four pumps, one clay kettle, two purifiers, one crimper and one picker. There is also a complete outfit for the sausage department which will be in the third story of the new lard refinery.

Men were at work yesterday digging for the foundation for the new smoke house and when it is finished excavation for the new cooler will be commenced. It is thought to be said that this house had the best cooler in the west, but it is too small for the John Cudahy company and a new building will be erected. The new cooler will be said to be the best cooling capacity of the plant. There is no doubt that John Cudahy intends to do his big hog packing at Wichita. Here are the hogs and here is the meat and lastly here is the best climate for curing meat in America.

Another improvement which the Cudahy company is adding to its already splendid plant is a steam condenser with oil trap and refiller with sand and charcoal filters. The steam will all be condensed and there will not be any of it escaped. This machinery will be used to furnish pure condensed water for the ice machine. The Cudahy people have faith in Wichita and they are not afraid to invest their money in one of the best packing houses in the west at this point, they are not doing any blowing of horns or beating of tom-toms, but going right ahead with the work and Cudahy will soon be recognized as the great packing center west of the Missouri.

GRAND SUCCESS

Doekum & Higginson X-Ray Reception.
The X-Ray reception given yesterday afternoon and evening by Doekum & Higginson, the up-to-date pharmacists at 23 North Main street, proved to be, like all of their former receptions, a grand success.

This popular pharmacy, decorated with palms, ferns and cut flowers, looked magnificent; and their large onyx soda fountain looked especially inviting, and the sparkling soda flowed forth in great abundance.

In the rear of the room was placed a large improved X-Ray machine, and each called was given the privilege of looking at the bones of his own hand, and also many other subjects especially prepared for the demonstration of the X-Ray.

Prof. Blum's orchestra furnished music for the day, which was most heartily enjoyed by all.

This popular young firm is forever giving the people of Wichita something new, and most certainly, during their well known title of "Up-to-Date Pharmacists," and are fast becoming one of the leading drug firms of the great southwest.

RAPIDLY GROWING INDUSTRY.
The Union Mill Company's Business Increasing and Expanding.

Very few people of this city realize what an important asset the Union Mills have become in the development of the business interests of Wichita. From a small beginning in 1875, in a rented building on Murdock avenue, their business has steadily grown until this company now occupies their own magnificent building on Douglas avenue, and they are making their products in the state and are territorial, besides shipping large quantities to the markets of Europe.

The amount of money disbursed each month for this concern is witnessed by figures that make interesting reading. For the items of wheat and corn they pay each month from \$10,000 to \$15,000, and for labor and coal \$1,000 more. All this money finds its way into the western channels of the city.

In conversation with an Eagle reporter, a prominent member of the mill company stated that their business was constantly increasing, and that during the last year their shipments amounted to 25 cars. In building their new mill this company, conscious of the fact, secured the very best and latest machinery that money could buy, and the result has proven the wisdom of their action. The reporter learned that their local trade was in a very satisfactory condition and that it was an unusual occurrence for the Union Mills to distribute a rail car load of their flour, in a single day, to local dealers. They also stated that wherever introduced and established, Peerless Flour

gave such universal satisfaction that it became impossible for competitors to displace it.

The Eagle thinks that Wichita needs more industries like the Union Mills.

BALL GAMES TODAY

City League Play Two Games at Fairview.

The third series in the City League race takes place today. All teams are in good condition, and good games are looked for. The results of last Sunday have set the several managers thinking and put them on their mettle, and as a result all teams are strengthened to a point where each one claims to be invincible. There is no question but what the very best talent in the city is engaged for these games, and there is no reason why the results should not be satisfactory. The games will be played on the League grounds, at Eighteenth and Fairview. There will be a small charge today to keep up expenses, as the league's halls and bats must be paid for by the league. There will be a wife fence stretched, and as the admission is but 15 cents, everybody will be expected to donate.

The first game is between Catholics and Owls, Batteries—Catholics: Graham and Bulla; Owls: Betch and Kearns. Game called at 2 o'clock sharp.

The second game is between Sunflowers and Eagles will contest. Batteries—Sunflowers: Fanning and Buechel; Eagles: Jones and Evans.

STANDING CITY LEAGUE

Club	Won	Lost	Pct.
Owls	2	0	1.000
Eagles	1	1	.500
Sunflowers	1	1	.500
Catholics	0	2	.000

The Hawks will be known hereafter as the Catholics.

City players are at a premium, every available man having been signed. A player once signed cannot play with any other team this season.

Special police will be on hand to preserve order.

WHAT IT WILL COST

Teachers Who Expect to Go to the Detroit Convention.

Prof. F. B. Dyer is arranging for a big attendance from this part of the country to the convention of the National Educational association at Detroit. The convention takes place on July 8, 9, 10, 11 and 12. The fare from Wichita will be \$2.00; from Wellington, \$2.40; from Arkansas City, \$2.80; from Hutchinson, \$3.15; from Guthrie, \$3.50; from Oklahoma City \$3.15; from Perry, \$3.50; from Ponca City, \$3.50. These are for the round trip. An interesting meeting is expected at Detroit.

"Pleasant Ways for Summer Days" is the title of the Grand Trunk Railway System's new Summer Tourist Folder which with other descriptive literature can be had on application to City Passenger and Ticket Agent, 249 Clark street, Chicago.

GREEN NUMBER ONE RIGHT

Only a Rat! Needed to Make It Perfect.

Green No. 1, of the links of the Wichita Country club, has been put in shape, and will be par excellent after the first rain. It will now be in order for some one to make the hole in one stroke. Work has also been begun on green No. 2. Professor Clark is superintending the work. He has also been working on the power players and to the ladies who are visiting the links during the morning hours with growing enthusiasm for the ancient game.

Are you dull and stupid? Do you miss the snap, snap and energy that was once yours? You need a few doses of that great system regulator, Frickley Ash Bitters. For reviving strength and energy, increasing the capacity of the body for work, it is a remedy of the highest order.

MR. WHEELER'S ASSIGNMENT

Will Conduct Services Several Places Today.

W. S. Wheeler, the clown preacher, is in the city tonight and tomorrow. Mr. and Mrs. Wheeler called at the Eagle office last evening and Mrs. Wheeler did not hesitate to say that she considered Wichita the nicest town in the west. Mr. and Mrs. Wheeler will remain here until Tuesday. The clown preacher will be at the South Emporia avenue M. E. church tonight and conduct the meeting. In the morning they will attend the Central Christian church. Mrs. Wheeler being a member of that organization. At 1:30 in the afternoon he will speak at the rectory home and at night on Douglas avenue.

FREE.

A Marvelous New Book on Personal Magnetism and Hypnotism.

Startling Facts which are Agitating the Whole Country.

The Labors of nearly Fifty Experts combined for the Elevation of Mankind.

The Great Universities of America and Europe contribute to the final course.

The Occult so Simple that everybody can be successful.

One of the most astounding new books of the age is the one just published by the American College of Science, of Philadelphia.

The new facts presented prove that every person has the power to exert an influence over others, and that it is not merely the "strongest" mind that can sway multitudes.

This wonderful book divides hypnotic science into its various branches and tells how each may be quickly mastered—mastered so completely at home that anyone can perform the most marvelous things that all have read about, but that few have seen demonstrated.

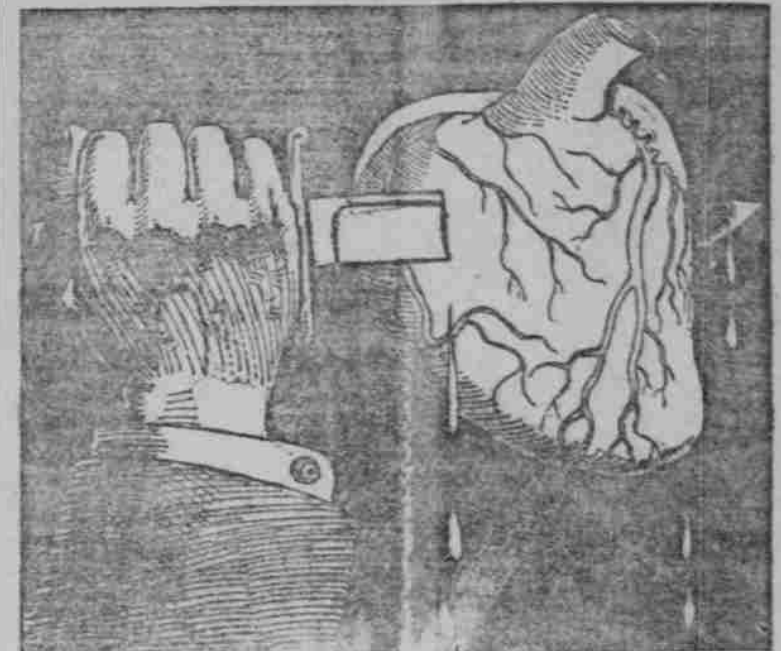

The true secrets of Hypnotism, Magnetic Healing, Personal Influence and Adept Control are laid bare so that the most ordinary person can readily grasp and utilize what nature has endowed them with.

By devoting a little time to the science you can lift yourself from obscurity to the grandest heights of affluence and success—can gratify your ambitions and gain marked business and social power. Professional and business men everywhere have given this new book their unqualified praise, and even ministers of the gospel have expressed their heartfelt approval.

If you wish to avail yourself of the knowledge contained in this thoroughly illustrated work, simply send a postal note to the American College of Science, Dept. T. F. 48 in 43 Walnut street, Philadelphia, Pa., and a copy will be sent you by return mail free of charge.

Heart Disease

Some Facts Regarding the Rapid Increase of Heart Trouble.

Heart trouble, at least among the Americans, is certainly increasing, and while this may be largely due to the excitement and worry of American life, it is more often the result of weak stomachs, of poor digestion.

Real organic disease is incurable, but not the case in a hundred of heart trouble is organic.

The close relation between heart trouble and poor digestion is because both organs are controlled by the same great nerves, the Sympathetic and Pneumogastric.

In another way, also, the heart is affected by the form of poor digestion, which causes gas and fermentation from undigested food to enter the blood stream, causing oppression and heaviness in the chest, caused by pressure of the distended stomach on the heart and lungs, interfering with their action; hence arises palpitation and short breath.

Poor digestion also poisons the blood, making it thin and watery, which irritates and weakens the heart.

The most sensible treatment for heart trouble is to improve the digestion and to insure the prompt assimilation of food.

This can be done by the regular use after meals of some safe, pleasant and effective digestive preparation, like Stuart's Dyspepsia Tablets, which may be found at most drug stores, and which contains valuable, harmless digestive elements in a pleasant, convenient form.

It is safe to say that the regular persistent use of Stuart's Dyspepsia Tablets at meal time will cure any form of stomach trouble except cancer of the stomach.

Full-sized package of these tablets sold by druggists at 25 cents. Little book on stomach troubles mailed free. Address F. A. Stuart Co., Marshall, Mich.
